

# CAT<sup>®</sup> CENTRAL

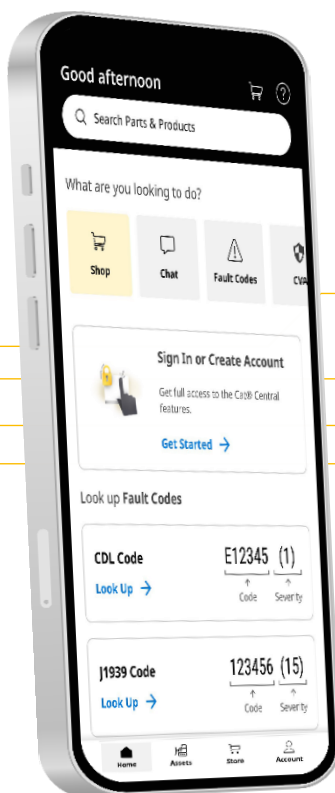

UNLOCK A WORLD OF  
CONVENIENCE AND INSIGHTS

## WHAT IS CAT CENTRAL?

Cat<sup>®</sup> Central is a mobile app that provides customers with support and actionable insights right at their fingertips, giving them the ability to maximize their equipment like never before. Leverage Cat Central to tap into powerful telematic data, gain access to support from parts and maintenance specialists, find answers to repair and maintenance questions, and purchase genuine Cat<sup>®</sup> parts with the touch of a button.

This application serves as a gateway to Caterpillar's broad digital suite – providing expanded tools and reporting.

## PRODUCT SUPPORT & INSIGHTS

### Operation & Maintenance Manuals

Keep your equipment running with easy access to in-app manuals.

### Fault Code Lookup

Look up thousands of fault codes, view descriptions, and severity.

### Asset Insights

Powerful insights powered by VisionLink<sup>®</sup> offers fuel level, location, and health summaries at a glance.

### Service Recommendations

Stay on top of equipment health with real-time equipment service recommendations via push notifications.

### 24/7 Support

Get one-on-one support and advice from experts through in-app chat or over the phone.

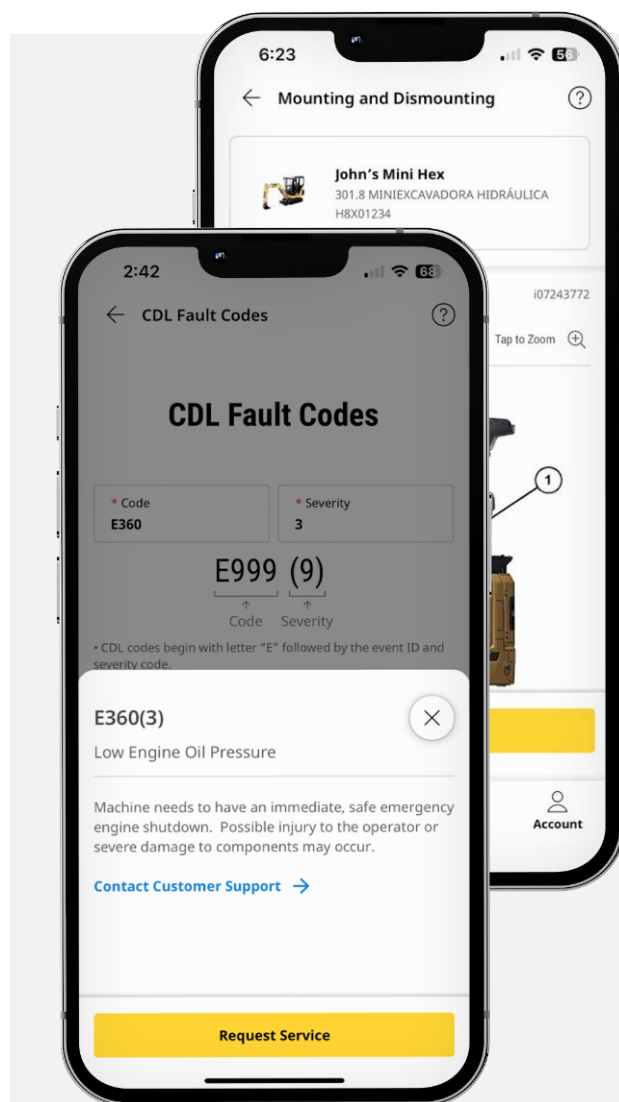

# THE ON-THE-GO EXPERIENCE: WHAT YOU CAN EXPECT FROM CAT CENTRAL

## SEAMLESS INTEGRATION TO EXPANDED SOLUTIONS

- **Gateway to a Digital Experience**  
Simple and secure access to Caterpillar's digital suite when you register for an account through the app.
- **Single Sign-On**  
Single Sign-On provides a streamlined login experience to navigate from Cat Central to SIS2GO, VisionLink, parts.cat.com, and more Caterpillar applications.
- **Financing & Rewards**  
Access financing options, like Cat® Card enrollment, directly in the app. Also earn rewards on qualifying parts purchases with Cat® Vantage Rewards\*.
- **View Cat® Customer Value Agreements (CVAs)**  
Track the status of your CVAs on the asset level, or learn more about CVAs directly in the app.

## CONVENIENCE

- **Asset QR Scanning**  
Scan your asset's QR Code\*\* to instantly access factory-fit parts or save the asset's information.
- **DIY Options**  
Planned Maintenance Kits and Self-Service Options offer DIY repair solutions or leverage easy to follow how-to videos.
- **Request Service**  
Fill out a service request form for an asset directly within the app and instantly connect with a local dealer.
- **Quoting**  
Lock in pricing by placing a quote for a parts order.
- **Streamlined Shopping**  
Get access to the largest selection of genuine Cat parts and view localized pricing and availability.
